2. General Definitions of Emergency Care and Urgent Care 613.02

2.1 *Emergency Services – N/A*

2.2 The Urgent Care Services Definition used to determine allowable Bad Debt under 613.06 : Medically necessary services provided in a Hospital or community health center after the sudden onset of a medical condition, whether physical or mental, manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson would believe that the absence of medical attention within 24 hours could reasonably expect to result in: placing a patient's health in jeopardy; impairment to bodily function; or dysfunction of any bodily organ or part. Urgent care services are provided for conditions that are not life threatening and do not pose a high risk of serious damage to an individual's health. Urgent care services do not include elective or primary care.

3. General Collection Policies & Procedures 613.08(1)(c)2 and 613.04(6)(c)3

3.1 Standard Collection Policies and Procedures for patients 613.08(1)(c)2a

(a) The health center makes reasonable efforts prior to or during treatment to obtain the financial information necessary to determine responsibility for payment of the bill from the patient or guarantor. The center's staff provides all first-time patients with a registration form which includes questions on the patient's insurance status, residency status, and financial status, and provides assistance, as needed, to the patient in completing the form. A patient who states that they are insured will be requested to provide evidence of insurance sufficient to enable the center to bill the insurer. Health center staff asks returning patients, at the time of visit, whether there have been any changes in their income or insurance coverage status. If there has been a change, the new information is recorded in the center's practice management system and the patient advised or assisted to inform MassHealth of the change.

(b) The health center undertakes the following reasonable collection efforts for patients who have not provided complete eligibility documentation, or for whom insurance payment may be available:

(1) an initial bill is sent to the party responsible for the patient's financial obligations;

(2) subsequent billings, telephone calls, and any subsequent notification method that constitute a genuine effort to contact the party which is consonant with patient confidentiality are sent;

(3) efforts to locate the patient or the correct address on mail returned as an incorrect address are documented, and

(4) a final notice is sent by certified mail for balances over \$1000, where notices have not been returned as an incorrect address or as undeliverable.

(c) **Cost Sharing Requirements.** Health center staff inform patients who are responsible for paying co-payments in accordance with 101 CMR 613.04 (6)(b) and deductibles in accordance with 101 CMR 613.04(6)(c), that they will be responsible for these co-payments.

(d) **Low Income Patient Co-Payment Requirements.** The health center requests co-payments of \$1 for antihyperglycemic, antihypertensive, and antihyperlipidemic generic prescription and

\$3.65 for generic and brand-name drugs from all patients over the age of 18, with the exception of pregnant or postpartum women, up to a maximum pharmacy co-payment of \$250 per year.

(e) Health Safety Net - Partial Deductibles/Sliding Fees: For Health Safety Net - Partial Patients with MassHealth MAGI Household income or Medical Hardship Family Countable Income between 150.1% and 300% of the FPL, the health center determines their deductible (40% of the difference between the lowest MassHealth MAGI Household income or Medical Hardship Family Countable Income, as described in 101 CMR 613.04(1), in the applicant's Premium Billing Family Group (PBF) and 200% of the FPL). If any member of the PBF has an FPL below 150.1 % there is no deductible for any member of the PBF. The Patient is responsible for 20% of the HSN payment for all services, with the exception of pharmacy services, provided up to this Deductible amount. Once the Patient has incurred the Deductible, the patient is no longer required to pay 20% of the payment. Only one Deductible is allowed per PBF approval period.
